EAP 100: Future Focused

Claim-Matching Worksheet: Match the Claim to Its Reason

DUE MONDAY, NOVEMBER 9, 23:59
Upload to the Assignments folder with a clear label:
drive.google.com/drive/folders/11H4WHIv3e8izkMA3jJt7C31QL8xigGu7
We will discuss it in class on Tuesday, November 10.

Name: _____ **Section:** _____

Each claim is missing its reason. Write the letter of the best reason, A to O, in the box next to each claim. Use each letter only once. Tip: a strong reason supports the action in the claim, not just the topic.

REASON BANK

A ...constant watching destroys trust.
B ...a portfolio shows what you can really do.
C ...AI may give lower scores to people who speak English as a second language.
D ...this work makes all other work possible.
E ...young workers need a first job to learn the skills for better jobs later.
F ...people can no longer tell what is real.
G ...students who learn on their own are better prepared for new kinds of jobs.
H ...sick and older people need real human kindness.
I ...the population is getting older and there will not be enough young workers.
J ...rest time should not become unpaid work time.
K ...almost every future job will use AI.
L ...the workers did not choose to lose their jobs.
M ...riders face real danger on the road without employee protection.
N ...these are the skills AI cannot easily replace.
O ...preparing for a career early helps students choose the right major.

Part 1: Match each claim to its reason

1	Companies should keep hiring beginners even when AI can do easy tasks, because ...	☐
2	Companies that replace workers with machines should pay for those workers to retrain, because ...	☐
3	Care homes should use AI only for paperwork, not for caring for people, because ...	☐
4	Employers should judge job applicants by their portfolios, not their degrees, because ...	☐
5	NYU Shanghai should give course credit for CCD workshops and events, because ...	☐
6	Teachers should let students lead more of their own learning, because ...	☐

7	Universities should teach students how to use AI well instead of banning it, because ...	☐
8	Universities should grade skills like teamwork and empathy, because ...	☐
9	Governments should count unpaid care work at home as part of the economy, because ...	☐
10	Companies in China should hire and keep more older workers, because ...	☐
11	Delivery apps should give their riders accident insurance, because ...	☐
12	Companies should not track remote workers through their keyboards and webcams, because ...	☐
13	Video apps should have to label videos made by AI, because ...	☐
14	Companies should let workers ignore work messages after work hours, because ...	☐
15	Companies should let job applicants choose a human interviewer instead of an AI, because ...	☐

Part 2: Flip a claim

Choose one claim from Part 1 and write the opposite claim. Use the formula: ____ should ____ because ____.

Claim number: _____

My opposite claim:

_____

_____

_____

Could a reasonable person agree with your new claim? Why?

_____

_____
